Zhongtai Circular Column Steel Formwork

- Q235B National standard steel
- Can be reused multiple times

Introduction of Zhongtai circular column steel formwork »

Zhongtai Heavy Industry is China's professional, standardized and large-scale flat steel formwork production base, widely serving various infrastructure projects such as rail transit, highways, subway tunnels, water conservancy ports, box culverts and pipe galleries.

Zhongtai provides professional product sales and online technical guidance as one of the services.

Zhongtai products are a trustworthy choice

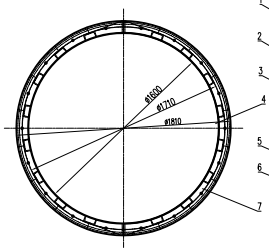

Zhongtai circular column steel formwork specifications and drawings

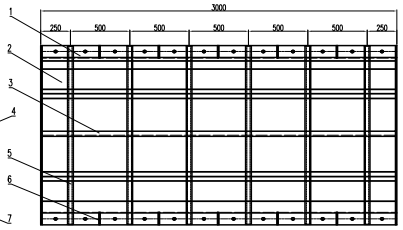

φ 800-1600mm or Customized

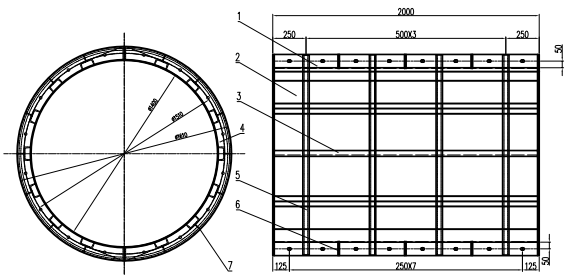

- 1.The panel is made of -6mm ordinary steel plate or (5+1) stainless steel composite plate, flange, ring bar, frame is made of -12mm ordinary steel plate, vertical ribs, and the back is made of [10# channel steel].
- 2.The connection method uses M20x50 connecting bolts, and the holes not specified are φ22x30 long holes.

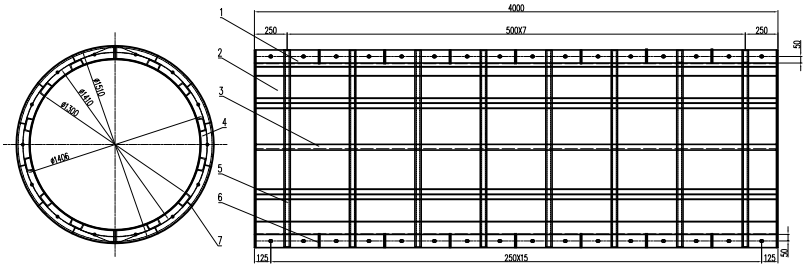

Product Advantages

Circular column steel formwork has high strength and wear resistance, can withstand large pressure and heavy loads, while maintaining a long service life.

Circular column steel formwork has high manufacturing precision and process requirements, and can meet precise size and shape requirements to ensure product quality and accuracy.

The circular column steel formwork adopts a removable structure, which is convenient for the disassembly, replacement and maintenance of the mold, improving production efficiency and reducing production costs.

Circular column steel formwork has good adaptability and plasticity, and can be customized and adjusted according to the requirements of different products to meet diversified production needs.

Circular column steel formwork project case »

As a high-quality product of Zhongtai Heavy Industry, it sells well in China. Zhongtai circular column formwork has supplied more than 1,000 projects in total, covering different engineering projects such as bridges, tunnels, highways, subways, water conservancy, shafts, etc. The quality of the formwork is excellent without any quality problems, and has been well received by the project parties.

Zhongtai circular column steel formwork has many excellent project cases, such as the Davao Bypass Road Project Segment 2 (North) II-2, Dezhou-Yuncheng Expressway, Qingyun-Zhangqiu Expressway, Shenyang-Haikou Expressway, Ningbo-Taizhou-Wenzhou High-speed Railway, Linqing highway, Renovation and expansion of Jinan–Guangzhou Expressway, Dan-dong-Dongxing Highway, Rizhao-Lankao High-speed Railway, South-to-North Water Diversion Project, Yaoqiang International Airport Comprehensive Transport Hub, etc.
